Project Synopsis

A playbook for Grocery and Food Purchasing for seniors in a lockdown during the Covid-19 Pandemic.

Reason

AWWA Senior Community Home underwent an Covid-19 outbreak and would require volunteers to help out in the purchasing of groceries and food on behalf of 140 seniors under lockdown. The project was conducted in an area separated from all clients, with self-sustaining processes that are easily scalable.

Project Details

Clarify the Problem - 5W + 1H

Who

Staff at Senior Community Home are observing a no-cross zone policy across 3 levels of a HDB Rental Block

Where

AWWA Senior Community Home

What

Lack of manpower to fulfill the Food and Grocery needs of 140 seniors under lockdown

When

The requests occur about 3 times daily, during a Covid-19 lockdown period between Late Oct 2021 to End Dec 2021

Which

The number of requests increases whenever more seniors are discharged back to the Home from COVID-19 isolation facilities in this period

How

Due to the COVID-19 lockdown imposed at AWWA Senior Community Home from Late Oct 2021 to End Dec 2021, the manpower to fulfill the daily grocery and food needs of about 140 seniors was insufficient.

Problem	Solution
No volunteering activities by external volunteers are allowed	Have Internal Volunteers to support the volunteering purchases adhering to a Risk Mitigation Template
There are no systems to record purchases and the handling of monetary change	Hard Copy Purchase Slip to document and track impact of the project
Split team measures cause staff to be not able to support colleagues from other levels	A Volunteer Guide containing : <ul style="list-style-type: none">• Online Link to Register their Volunteering Slot (Excel Calendar)• 7 min Video Demonstration to set up a Volunteer Holding Room and FAQ.
There is very limited manpower to onboard internal volunteers	A Checklist was developed for a Main Liaison Officer from the Home to onboard New Internal Volunteers
There are different shifts of staff & internal volunteers with different working styles

LISTED**

Conclusion

- The project ended once the lockdown was lifted with the solutions listed ready to be re-used in any other location when the time arises
- COVID-19 enabled us to pivot a new way of delivering volunteer onboarding with minimal manpower involved
- Colleagues from 9 other services within AWWA volunteered their time to support our seniors and staff in lockdown
